— Delight

The DELIGHT collection is a look back in time. A material reinvented to take up more modern spaces.

Delight reminds us of the original ceramics crafted in clay and allows the creation of spaces reminiscent of the past, or of contemporary spaces by combining it with more modern materials, a real trend in current interior design.

La colección DELIGHT es una mirada atrás en el tiempo. Un material que se reinventa para ocupar espacios más modernos.

Delight recuerda a la cerámica original elaborada en barro y que permite crear ambientes de épocas pasadas o crear espacios contemporáneos combinándola con materiales más modernos, una clara tendencia del interiorismo actual.

The value of this collection remains in the fact that, being produced over porcelain, its borders exceed the interior walls.

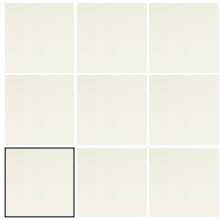

6 colors with subtle shading variations that give the collection a delicate movement, enriched with decorations that are simply geometries in brightness, subtle details that provide the spaces with personality.

El valor de esta colección reside en que al estar producida sobre porcelánico su frontera excede de las paredes de interior.

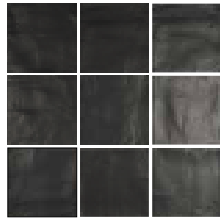

6 colores sutilmente destonificados que aportan un delicado movimiento en la colección y que se enriquece con Decorados que simplemente son geometrías en brillo, sutiles detalles matéricos que dotan de personalidad los espacios que ocupan.
