

STONE EFFECT

Realstone_ Classica Collection

Realstone_Classica

Made of full-body coloured porcelain stoneware, Realstone_Classica is available in three neutral colours in the 120x120 cm and 60x120 cm formats, both featuring R9 and Structured R11 surfaces, allowing for seamless installation between indoor and outdoor spaces. The 60x60 cm format with R9 finish is designed for indoor rooms. The use of 3D Ink technology enhances the micro-textures of the veining, creating a visual and tactile relief that gives the material an authentic and natural dimension. The Clip mosaic, in the 28x33 cm format, is composed of a set of elongated triangular tiles with glossy material inserts arranged randomly, making it ideal for creating decorative walls that amplify the expressive power of the base surfaces.
